

Return To Glory With The Mobile Beauty Revolution 17 Apr 08

Heralding a new age for mobile beauty, Return to Glory (www.returntoglory.co.uk) is the first online-booking health and beauty directory. It offers women in the UK the ultimate flexibility in booking, ease of use and total confidence in the leading health and beauty Specialists who will come to their door. The site allows you to browse and select leading therapists and experts according to previous client rating and feedback.

The Specialists offer a wide range of beauty, massage, hair, fitness and health treatments and are all personally recommended to Return to Glory by customers or existing Specialists. Bookings are made instantly via the Specialists online diary. All services are charged at a set fee, meaning no more complicated salon-style pricing structures or over-priced at-home treatments. Return to Glory makes 'in-home' beauty services easy and simple enough to have every week.

For all those who simply love to look and feel great - from career girls and hard-working mums to brides and party lovers, Return to Glory gives you the freedom to book treatments and services where and when you want them. Booking online takes moments and your chosen Specialist visits you at your home, your office, or even your hotel room, bringing everything they need with them. All you need to do is sit back, relax and enjoy being pampered.

Every Specialist working through Return to Glory is fully qualified, trained and insured. Their personal profile page features a picture, their qualifications and personal details, an average star rating and feedback from previous clients, allowing you to book in total confidence. With a comprehensive range of Specialists from hair stylists to personal trainers, facialists to yoga instructors, Return to Glory is the ultimate one-stop mobile health and beauty shop.
